WORK

CHIEF™

Chief focuses on commercial AV flat panel and projector mounts. Home Theater, Workstation and Custom Display Solutions are also part of the Chief product offering. Known in the industry for high quality mounts with both custom and universal options, as well as an extensive accessories line, Chief is focused on professional installers worldwide.

DA-LITE™

For over 100 years, Da-Lite has been designing, manufacturing and marketing the most comprehensive line of projection screens in the world. Today, we offer our widest selection ever of proprietary projection screen fabrics and materials in our history.

PROJECTA™

Projecta is Europe's leading manufacturer of high quality projection screens. We design, develop and build an extensive range of projection screens in the largest projection screen manufacturing facility in Europe, located in Weert, the Netherlands. Founded in 1952, we have 60 years of experience, and over time we have grown to become your trusted source for projection screen solutions.

vaddio

Vaddio manufactures professional quality PTZ cameras, Pro AV solutions and a full suite of Unified Communication and Collaboration systems. Combining enterprise class performance and industry leading support, Vaddio products enhance any AV experience by elevating the science of communication.

Milestone AV Technologies is a leading designer and manufacturer of branded audiovisual products including flat panel mounting solutions, projector mounts, projection screens, equipment racks, PTZ cameras and furniture for AV markets. Milestone's commercial products are sold under the Chief, Da-Lite, Projecta and Vaddio brand names. All brands work together to provide a breadth of product, strength of longevity, and advantage of superior customer service and support.

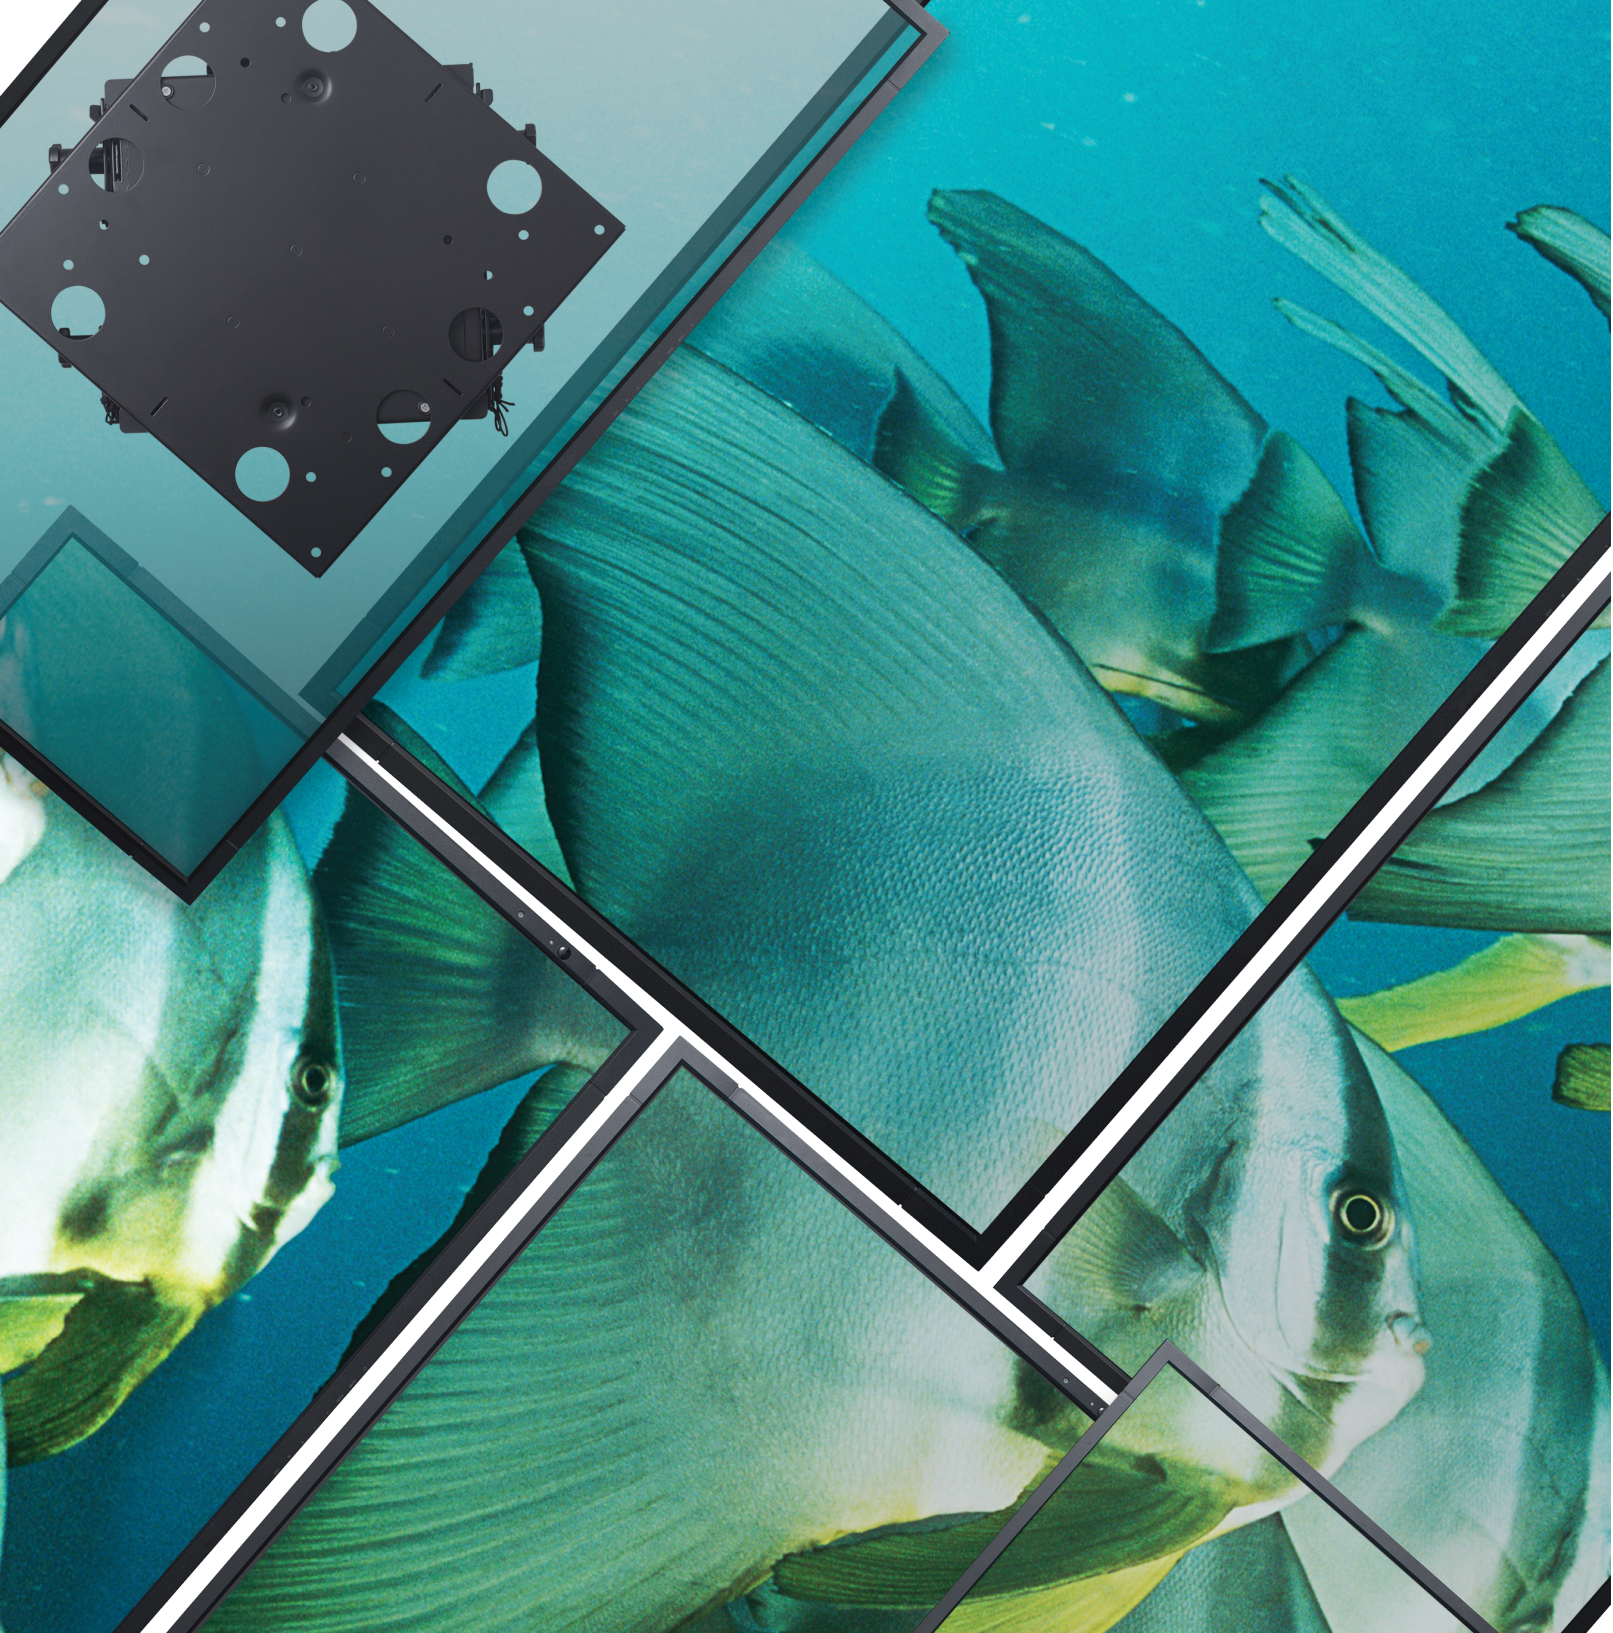

WE SOLVED IT WITH CONNEXSYS

Installers and integrators asked for a better video wall mount. They wanted a system with speed, easy alignment, access for serviceability and rigidity. We designed a mount that quickly levels on standard 41 mm channels, provides 6 points of PowerZone™ adjustments in one location, gently and remotely pops out screens only when needed with RapidDraw™ Display Release, and locks screens in place at a depth of your choosing. You asked for it... WE SOLVED IT!

FEATURES

- Hang units on a single strut channel for quick row leveling
 - No need for horizontal spacers
 - Vertical measurement is simply the height of the display to the next rail
 - Compatible with standard 41 mm rail channels
- PowerZone™ Adjustments
 - Height adjustment ± 25 mm on each interface
 - Tilt adjustment at single pivot point, protects displays from twisting
 - Depth can be set between 101 mm and 188 mm from the wall
- RapidDraw™ Display Release
 - Cord release system gently and remotely pops any screen out for easy access and can be extended 34 cm for service
 - Protects displays by not requiring an aggressive push to release/pop-out
 - Releases only on demand, preventing accidental pop-outs
 - The 305 cm cord can be set up to pull for release from any 90 degree angle
- Rigid frame keeps displays where you set them, even after extending for service
- Landscape (LVS1U & LVXSU) and portrait (LVS1UP & LVXSUP) options available

FREESTYLE CHIEF-STYLE

The Freestyle Rotation Adapter allows designers to generate an extremely wide variety of video wall configurations using either ConnexSys™ or Fusion® mounts. This versatile accessory provides 90 degrees for infinite orientation possibilities.. Add in the FCADA Fusion depth accessory to bring another level of customization with overlapping displays. So, how do you freestyle video wall design? With Chief, the answer is: any way you want to.

SPECIFICATIONS

FRA – Freestyle Rotation Adapter

Orientation: Infinite

Rotation: 90 degrees with positive lockouts at 15 degree increments

Mount Compatibility: ConnexSys; Fusion Wall, Ceiling & Freestanding Mounts

Weight Capacity: with ConnexSys 56.7 kg; with Fusion Single-Stud Wall 25 kg

Mounting Patterns: 200 x 200; 200 x 300; 200 x 400; 300 x 300; 400 x 400

Dimensions: 438 x 438 x 21 mm

FCADA – Fusion Depth Accessory

Depth Adjustments: 83, 102 and 121 mm

Mount Compatibility: MTMS1U, STMS1U

Weight Capacity: 56.7 kg

Dimensions: 162 x 343 x 121 mm

YOUR VISION, UNLIMITED.

Chief's Fusion Modular Series takes multi-display mounting capabilities to a new level. With the launch of the new Fusion Multi-Display Configurator you can now specify your exact installation requirements and we'll provide the list of components needed to safely build your most creative applications. The possibilities are endless.

FEATURES

- Allows for non-standard menu board installs, such as:
 - Multiple display sizes
 - Mixed portrait/landscape
 - Gaps between displays
- Mobile-friendly configurator built directly in to milestone.com
- URL can be saved for future reference
- Mounting system maintains installation benefits of standard Fusion Menu Boards and Video Wall Mounts
- Compatible with a suite of standard Fusion accessories

WHAT ARE CUSTOMERS SAYING ABOUT FUSION MODULAR?

"I am not an engineer, but I myself could go in and use the design tool to replicate the various mounts. It gave me each one of the parts I needed for purchase. It's a really easy tool to use."

Joe Fandel

Sales Manager, CCS Presentation Systems

GET OUT THERE

Outdoor AV installs bring new life to open air spaces, but they also bring new challenges. Extreme temperatures, moisture and UV exposure can lead to faded color, brittle plastic and rusting metal. More than unsightly aesthetics, this can potentially lead to safety issues and rust-damage on the surrounding architecture. To combat these problems, Chief's outdoor wall mounts are designed with multiple levels of protection, giving your install a leg up on the elements and providing you with peace of mind.

SPECIFICATIONS

ODMLA25 – Outdoor Swing Arm Mount

Extension: 550 mm

Mounting Patterns: 75 x 75 – 709 x 444 mm

Weight Capacity: 68 kg

Tilt: +/-15°

Lateral Shift: NA

Dimensions: 470 x 748 x 124 mm

ODMLT – Outdoor Tilt Mount

Mounting Patterns: 127 x 100 – 643 x 430 mm

Weight Capacity: 79.3 kg

Tilt: +/-15°

Lateral Shift: 51 mm

Dimensions: 457 x 737 x 83 mm

GALVANIZED PLATING

OUTDOOR PRIMER

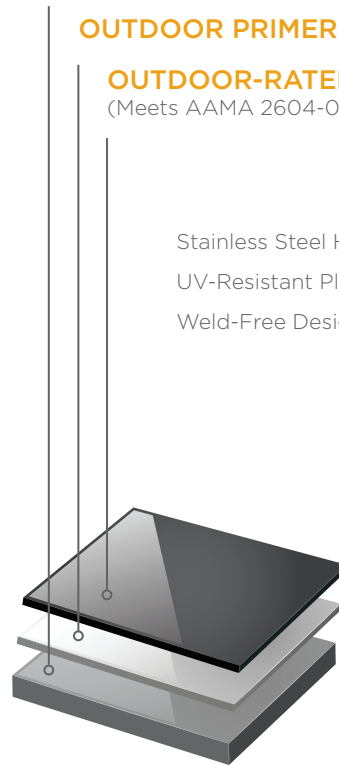

OUTDOOR-RATED PAINT

(Meets AAMA 2604-05 Standard)

FEEL THE STRETCH

Stretched displays are seeing more use in digital signage, transportation and retail. Chief has two new low profile solutions that accommodate unique 600 x 200 VESA® patterns, providing easy installation and rigid support to keep the display stable for optimal experience. Both solutions include a lockable latch for added padlock security.

Static Wall Mount, PSMH2860

Depth: 38 mm

Weight Capacity: 34 kg

Orientation: Portrait or Landscape

Fusion Ceiling Mount, LCM2x1U + FCASFP

Centris® Tilt: +5°/-20°

Weight Capacity: 56.7 kg

Orientation: Landscape

FLOOR-TO-CEILING SIGNAGE

Whether you're looking to install signage in an open space without walls, or facing a situation where the ceiling or wall aren't able to support the display weight – Chief has a solution. Our engineers have designed two new aesthetic accessories enabling floor-to-ceiling display installations with all the advantages of Fusion ceiling mounts. Choose between a clamp style plate (CPA353) and low-profile collar plate (CPA351).

FEATURES

- Supports single, back-to-back and stacked configurations in landscape or portrait orientation
- Supports 226.8 kg of capacity per pole
- For use with Chief CPAE and CMS columns
